

# Marijuana legalization in Massachusetts.

Our laws are working as voters intended.

## Strictly controlled sales

- Adults 21+ only
- Mandatory employee training
- Strict testing and labeling
- Child-resistant packaging
- No advertising to minors

## Safer communities

- Fewer marijuana arrests
- Lower rates of violent and property crimes
- Police can focus on serious crime

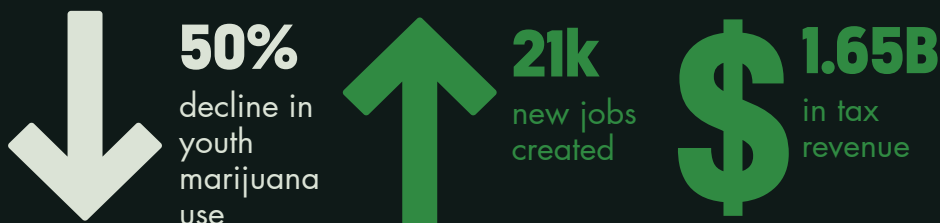

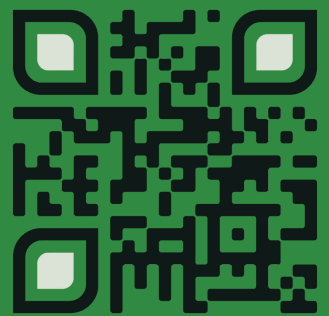

## Growing economic benefits

- 21,000 jobs created
- \$1.65B+ in annual sales
- \$1.3B+ in tax revenue
- Increased property values
- Funding for state programs, substance abuse prevention, and public awareness campaigns

## Youth use at historic lows

- 50% decline in youth marijuana use in Massachusetts
- No underage sales at licensed dispensaries
- Fewer school disciplinary incidents
- Cannabis use by US teens now at historic lows

Help NORML protect your cannabis freedom. Scan now for more info and tell your reps “just say no” to repealing legalization.

## Legalization is delivering results for Massachusetts.

Massachusetts' legal cannabis market protects consumers, restricts youth access, generates revenue, and promotes public safety. Voters overwhelmingly approved legalization in 2016 and it remains more popular than ever with more than 6 in 10 voters opposing efforts to repeal legalization in Massachusetts.
